Don't have an account? [Create an account](#)

or

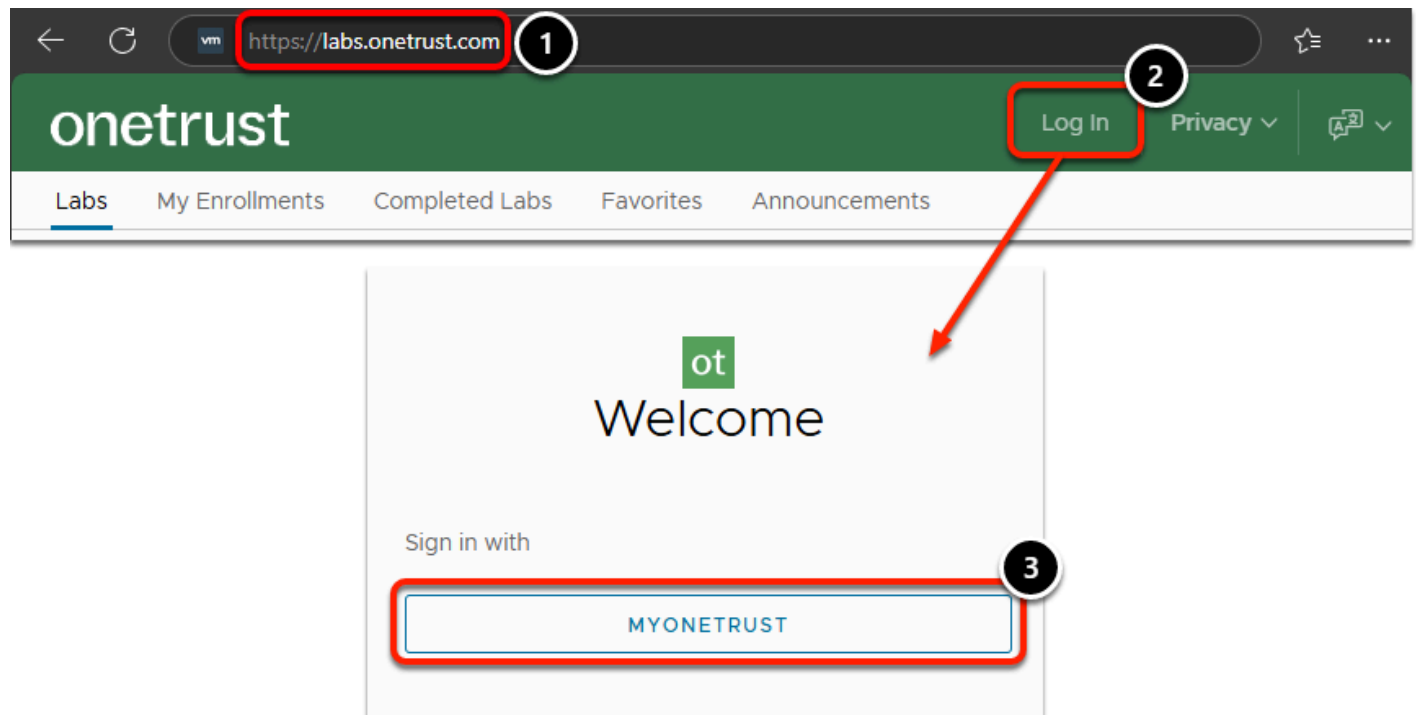

Are you a OneTrust employee? [Log in here](#)

You will need a MyOneTrust account to access the Integrations Deployment Certification Hands-on Lab!

1. Navigate to <https://my.onetrust.com/> in your browser
2. Enter your **MyOneTrust username and password**
3. Click **Login**

2. Login to the Lab Platform

1. Navigate to <https://labs.onetrust.com> in your browser
2. Click **Login/Register** in the top-right corner
3. Click **Login with MyOneTrust**

You will be directed to the MyOneTrust page to sign in. After signing in, you will be re-directed to the Hands-on Labs page.

NOTE: If you did not login to MyOneTrust in Step 1, you will be prompted for your MyOneTrust username and password

3. Enroll into the Integrations Deployment Certification Lab

The screenshot shows the OneTrust Labs interface. On the left, the 'Filter By' menu is open, and 'Catalogs' is selected. Under 'Catalogs', the '[CERT] Integration Deployment Certification' option is checked and highlighted with a red box and a circled '2'. The main content area displays the details for the 'Integration Deployment Certification' lab, including a description, a 'Read More' link, and an 'ENROLL' button highlighted with a red box. The interface also shows a search bar, a 'SORT BY' dropdown, and a 'Catalogs' filter bar at the top of the main content area.

💡 Follow the below steps to find the Integrations Deployment Certification Hands-on Lab, or use the direct lab link: <https://labs.sddc.rackspace.com/onetrust/catalogs/lab/20026404>

1. In the Lab Platform, click **Catalogs** on the left-side menu
2. Click the **[CERT] Integrations Deployment Certification** catalog
3. Click Enroll for the **Integrations Deployment Certification Hands-on Lab**

4. Start the Integrations Deployment Certification Hands-on Lab

START THIS LAB

1. Click **Start This Lab**

Test your browser compatibility

VMware Lab Platform is a cutting edge application that uses some newer feature that may not be supported by your browser. Run the tests below to check your browser's compatibility.

> Cookies

> Web Storage

> Canvas

> WebSockets

> Web Proxy

> Browser

> Window/Tab Size

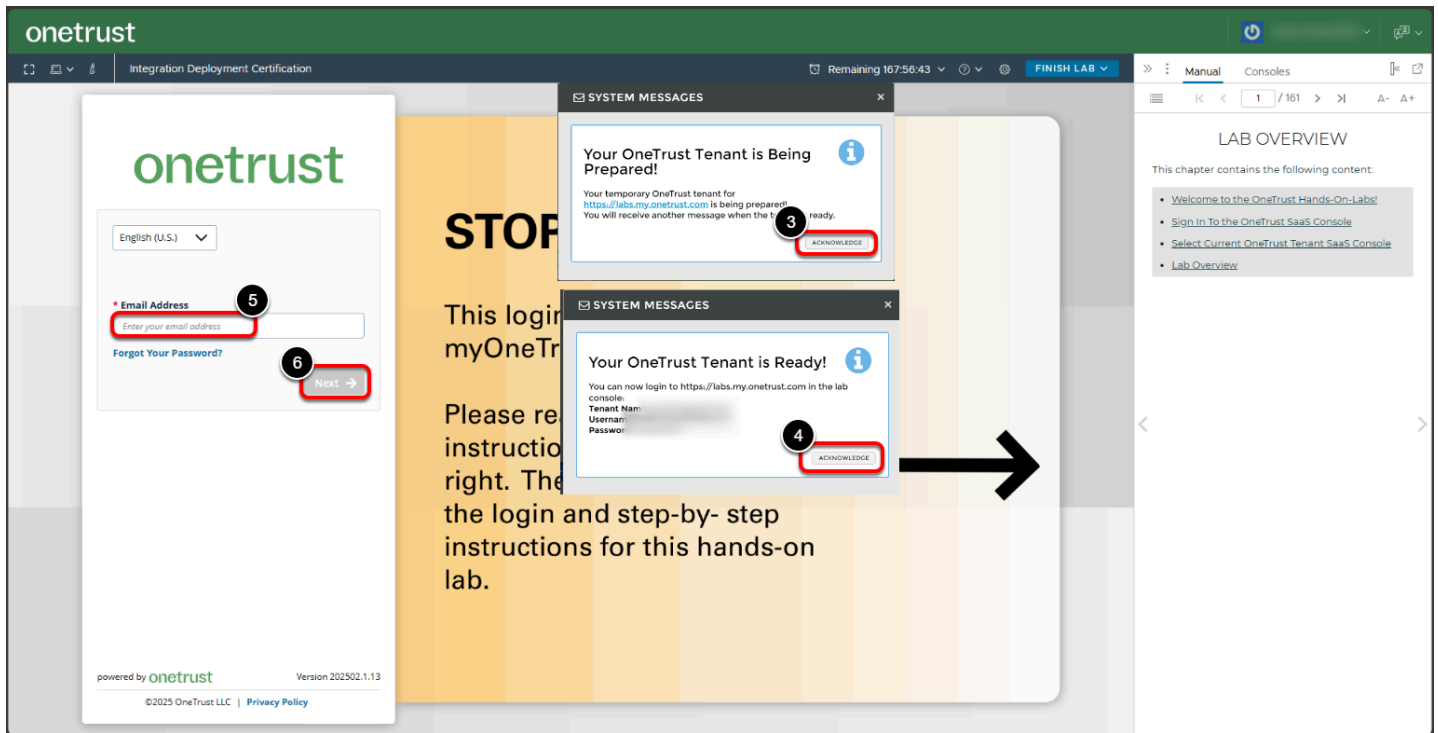

> Network Connection

RUN TEST

2

START LAB

2. Click **Start Lab**

3. Acknowledge the first system message - **Your OneTrust Tenant is Being Prepared!**

Please do not attempt to login after acknowledging the first system message. You will receive a second system message, with your login credentials, after which you can then login.

NOTE: Entering your login credentials incorrectly too many times will result in a 10 minute lockout.

4. On the second system message - **Your OneTrust Tenant is Ready**, note down the **Tenant Name**, **Username** and **Password**, and acknowledge the message.
5. Enter **Username** from step 4 above in the **Email Address** field
6. Click **Next** and enter **Password** from step 4 above.
